1. The first group of respondents (n = 10) was composed of students who had completed the course and were currently employed in a related field. 2. The second group (n = 10) was composed of students who had completed the course and were currently employed in a related field. 3. The third group (n = 10) was composed of students who had completed the course and were currently employed in a related field. 4. The fourth group (n = 10) was composed of students who had completed the course and were currently employed in a related field. 5. The fifth group (n = 10) was composed of students who had completed the course and were currently employed in a related field. 6. The sixth group (n = 10) was composed of students who had completed the course and were currently employed in a related field. 7. The seventh group (n = 10) was composed of students who had completed the course and were currently employed in a related field. 8. The eighth group (n = 10) was composed of students who had completed the course and were currently employed in a related field. 9. The ninth group (n = 10) was composed of students who had completed the course and were currently employed in a related field. 10. The tenth group (n = 10) was composed of students who had completed the course and were currently employed in a related field.
